Children's Wharf Park

THE PROJECT:

As part of the Boston Parks and Recreation Departments continuing efforts to provide quality open space and recreation areas for use and enjoyment by all residents of the city, efforts are underway to make improvements to Children's Wharf Park, located at 64 Sleeper Street.

The Parks Department is very interested in what the community has to contribute to the design process.

The newly designed park will be an inclusive play area and waterfront park in honor of Martin Richard.

WHAT TO EXPECT:

The Parks Department will provide an update on the project and the designer, Michael Van Valkenburgh Associates, Inc., will share their conceptual design for the park. Following the presentation, there will be an open discussion about the ideas presented.
